

DAVID LUCIO REYES FLORES

FARM LA COFRADÍA

ABOUT THE PRODUCER

David Lucio Reyes is a coffee producer from the community of Cofradía in San Miguelito, department of Intibucá. He is the last children out of 5 that their parents Lucio Reyes Reyes (also our client) and Angela Rosa Flores had, being also the only boy.

As per usual in the country-side of Honduras, the family worked in agriculture and raised cattle at a small scale in order to have a decent income. David completed his elementary school but after that, he started helping his parent with the agricultural activities.

In 1995, his father gave him a plot of land in the community of Hierba Buena and David planted it right away with 200 coffee trees. Each year he planted from 500 to 1000 trees until completing the land in 1999 with 8000 coffee trees in total. Back then, he used to trade his first crops in wet parchment and by gallon of cherries to intermediaries of the area.

After many years in the coffee business, he was able to buy a house in downtown San Miguelito and established there with his family and wife Fany Argentina Hernández. In 2017 he sold his farm at Hierba Buena to buy a land next to his new home, where he also established a carpentry shop and employed 4 people. David and his father exchanged some farms they had and today David has 4.88 hectares of coffee plantations, works full time in coffee, finished planting his lands and has been managing his farm organically. He trades his production with us since 2016.

FARM INFO

GENERAL

Farm Name: La Cofradía
Farm Size: 4.88 HA
Founded in: 2007
Production: 120 Bags of 69kg
Harvesting: Hand-picked
Process: Washed
